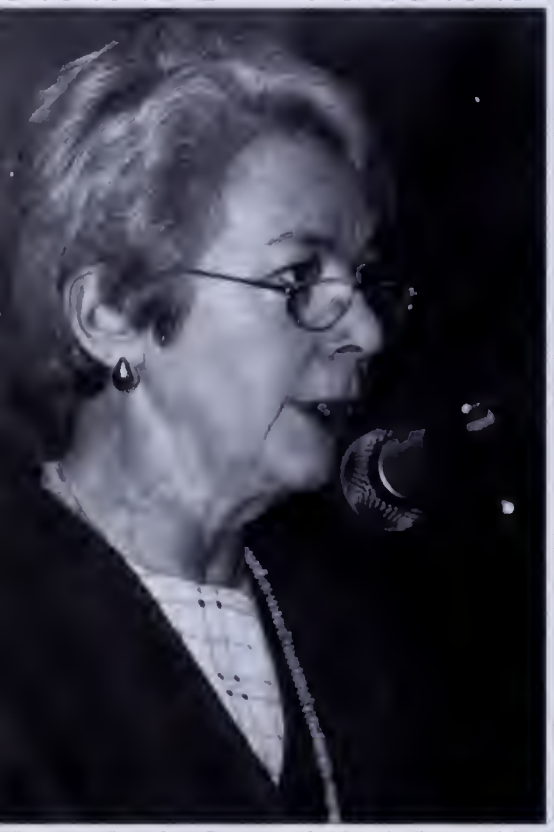
Facing the Future



A Dedication in memory of

Shane M. Warford

SHANE

We, the class of nineteen-hundred and ninety seven, dedicate this yearbook to the memory of Shane Warford.

Shane was well known and liked by everybody. He was dedicated to his family, his friends, and to the game of football. Shane never took a moment for granted, but lived his life to the fullest. His happiness, honesty, and generosity were among his outstanding qualities. His constant smile and bright personality touched many lives.

Shane is, and will always be, missed greatly. He will remain in our hearts and memories forever.

Do Not Stand at my Grave and Weep.
I am not there. I do not sleep.
I am a thousand winds that blow;
I am the diamond glints in the snow.
I am the Sunlight on Ripened Grain;
I am the Gentle Autumn's Rain.
When you awaken in the Morning's Hush,
I am the Swift Uplifting Rush
of Quiet Birds in Circled Flight.
I am the Soft Star that Shines at Night.
Do Not Stand at my Grave and Cry.
I am not there. I did not die.

Words from Mr. Patuleia

Congratulations to you, the Class of '97. I wish you well as you pass through this gate in your journey through life. I urge you to choose opportunities that will broaden your knowledge, to make decisions that will support your goals, to help others whenever there is a chance and to laugh a lot along the way. Although I've only been with you for one year, I've gotten to know you enough to be impressed with your spirit and work ethic. I feel confident in your ability to be successful and productive in the future.

Good Luck and God Bless all of you.

'97 Day Party

YOU JUST HAD TO BE THERE

AND THE CROWD GOES

WILD!

Let's Hear it for Block Scheduling

I liked the fact that you could start an assignment and actually finish whereas before, just when you really start working, its time to go. It was beneficial in that respect.

I hate English even worse now.

QUOTABLE QUOTE

In some classes it's good, but in others it's not. I liked it for classes I like, such as law or ceramics. But in others it was boring like study or economics. Although I feel the day went by fast.

I don't think block scheduling is a great idea. I think that the school should worry about someone running it before they change it.

QUOTABLE QUOTE

I think block scheduling is very stupid. We have 90 minutes of class but don't have 90 minutes of break. The classes are too long and boring.

I like and dislike block scheduling. I like it because it gives you more time, but I dislike it because I have to sit in the same class for 90 minutes and I get hyper but I can't move.

I think the double-block schedule is nice because you don't have the same classes every single day.

I think the block scheduling is one of the worst ideas the school committee has come up with yet. In a lot of my classes we do our work for the first 45 minutes and for the rest of the class we sit around and do nothing.

I love block scheduling because I get more help.

Double block schedule was good because I liked getting out early when I had a study.

I think block scheduling was a mistake. Teachers did not have enough time to prepare. I am tired of us being the ones that are experimented with.

There are some teachers that you can barely put up with for 45 minutes, then to have to deal with them twice as long is like torture. I'm sure some of the teachers feel the same about some of the students.

It is a good thing if you want it to be, and it's a bad thing if you don't want it to be.

QUOTE

I feel that it was boring, pointless, unfair and a waste of time. I'm so glad that I won't be here next year!

Charlie Webber

In my years in high school , I have seen it all. I have survived a year at Shawsheen Tech, then I came here to Wilmington High for the last three years of my high school life. In my return to the Wildcat home I was on the wrestling team for a little while. I made friends that will last for a while like Tom Cassela, Mike Shelley, Dan Avellino and others that I did not know in my days of middle and elementary school. And I found two new good friends in Bobby Gearty and Mr. Woods. I learned how to say Barfighter thanks to Brian McCarthy and I caused lovely hate and discontent due to the music of my band Cerberus. But most of all I learned what I will miss about high school is that it taught me how to be me.

Many years from now: At our 20th class reunion, we all looked around and discovered that many of our classmates had changed, but many stayed the same. However, the turnout was not very impressive because it cost five dollars to get in. Even with these few setbacks, the evening turned out to be quite interesting.

Class History

In September of 1993, the class of '97 entered the little school on Church Street. After settling in we elected Meghan Graham President, Julie Gillis V-P, Meghan Birmingham Secretary and Senator Farrell Treasurer, while Mr. Fleming was our advisor. In athletics we watched as the field hockey, boys and girls soccer, and girls basketball teams made it to the states, while the softball team won the state title for the second consecutive year. To the surprise of the "so called" mighty seniors, it was we who ended up winning the Church Street challenge. Outside the secluded walls of WHS, Reggie Lewis' death and Michael Jordan's retirement shocked us. Other mishaps were Nancy Kerrigan's injury by Tonya, John Wayne Bobbit's loppitoffame, and the suicide of Kurt Cobain. The year ended with the sad note of Mr. Kelly's retirement.

Sophomore year came in a flash, primarily because we were back in school by August. We returned with a new set of officers. Dan Abbott was President, Nicole Ciaramaglia V-P, Gina Pavone Secretary, Sean Farrell Treasurer, while Fleming was still our advisor. The year started with the tragic loss of Shane Warford; he will be forever remembered by the class of '97. Once again the sports teams were fairly successful in their final year in the MVC. In the news, we watched the closing of the Boston Garden, the Oklahoma bombing, and the beginning of the O.J. trial. Mr. Derosa departed to Lowell and we had our Sophomore Semi at the Knights of Columbus.

Along with junior year came more changes- Luisa Quacici became Class President, Meghan Birmingham V-P, and Gina and Sean kept their positions. We got a new advisor, Mrs. Nowak, and Mr. Woods became principal, while Mr. Fleming went to Leominster. We mourned the death of Mr. Olsen. And In athletics we entered the Cape Ann League low on funds, to discover we should have stayed in the MVC. However, some of the teams, especially those that were initially cut, still did well. In the news O.J. was somehow pronounced not guilty, and the crashes of ValueJet and TWA flight 800 shocked us. Our prom was held at the Hillview Country Club in North Reading. Jeremy Rufo was king and Jessica Collins queen.

Senior year came and the fall athletic season was highlighted by the success of the football team. Other teams making States were golf, field hockey, boys and girls soccer, boys basketball, hockey, softball and baseball... maybe moving to the Cape Ann was a good idea. In wrestling, Billy Tate made history by becoming WHS's first state champ. Our officers remained the same except for Paul Mahoney becoming V-P. Some guy named Patuleia showed up, tried to enforce some rules, and then left. Mr. Woods became our principal while Mr. Wood became our advisor. At Homecoming, Dan Abbott was king and Gina Pavone queen. We took over the Senior Lounge but had it closed for the art on the walls, later it was reopened but had a foul smell to it. We watched as the Patriots made it to the Super Bowl, Tupac got murdered, and 39 people killed themselves over Comet Halle Bop. In the spring, due to Mr. Joyce's efforts, we attended Mash & More, dressed up (while some drank up) at the fashion show, and danced away at the '97 Day Party. Senior Olympics would have been fun, but instead we bypassed Cedardale. The Senior Banquet was on May 27th, scholarship night the 28th, our prom at Copley Plaza in Boston on the 30th, and, finally, graduation on June 1st, 1997. ■
